

Cheesy bacon-wrapped hot dogs

Ingredients:

- 8 hot dogs
- 8 hot dog buns
- 1 package of bacon (16 oz)
- 1/2 cup shredded cheese

Bacon and hot dogs are a match made in heaven. Although you can always go the simple route and enjoy some good old-fashioned hot dogs, why not step things up to the next level?

Slide all the hot dogs length-wise and insert cheese into the slit. Wrap each hot dog in 1-2 slices of bacon. You can use toothpicks to secure the bacon while it cooks. Then just wrap them in tin foil and place them in the fire until the bacon has cooked and the cheese has melted. This usually takes about 10 minutes.

Finally, you can pull them out, place each hot dog in a bun, and garnish it with your favorite toppings!
